

SPIN-UP

synergy between
security + energy +
environment

methodology and
application

Brussels, 19.01.2019

Anne Leemans
Secretary General
Yellow design Foundation

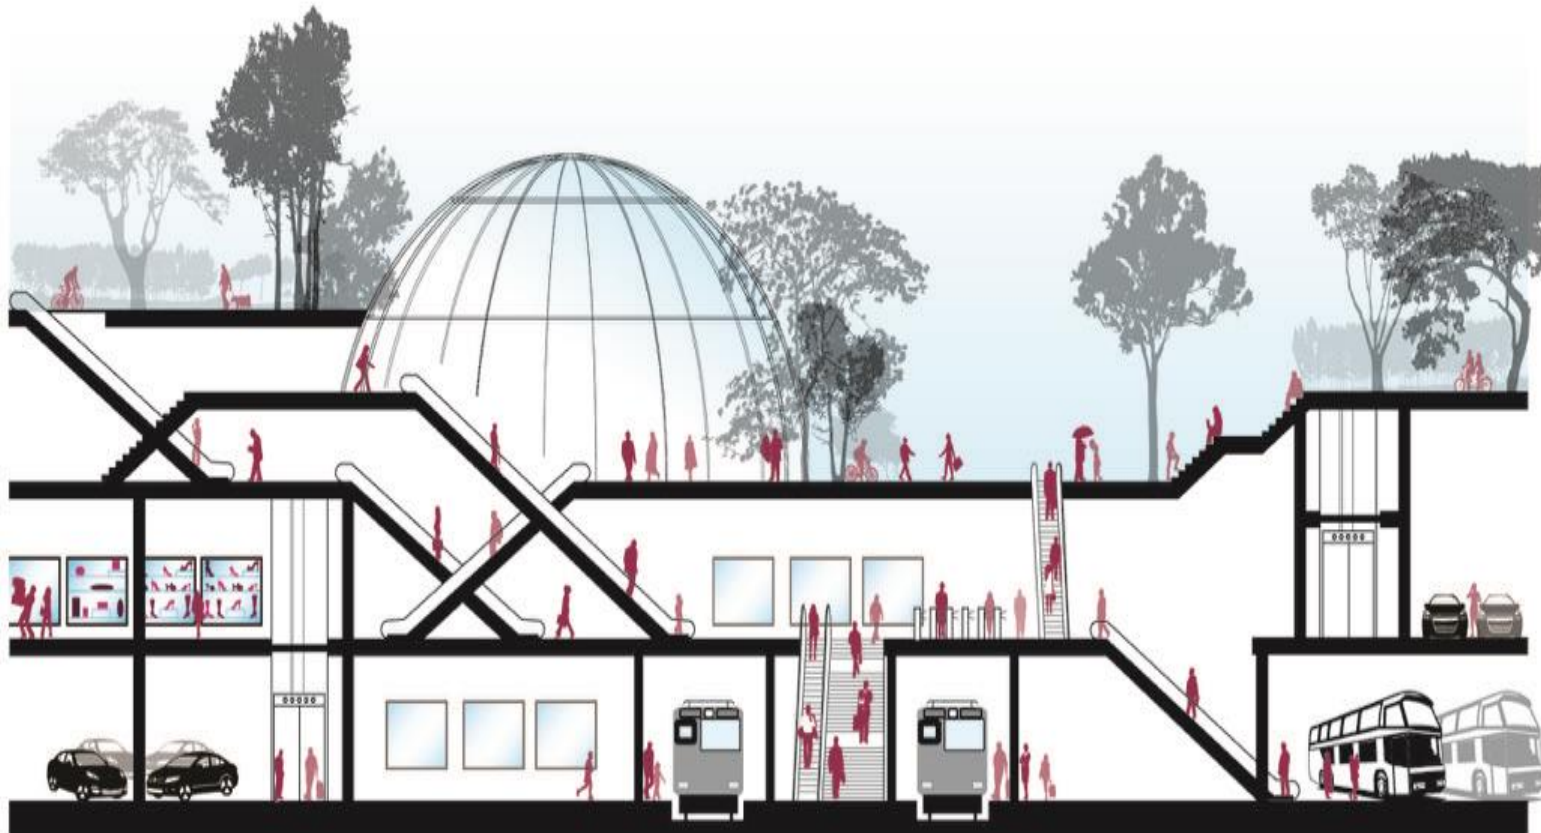

The agreements

The New Urban Agenda, the COP21, 22, 23, the NDC require CO² and GHG are reduced by 40%

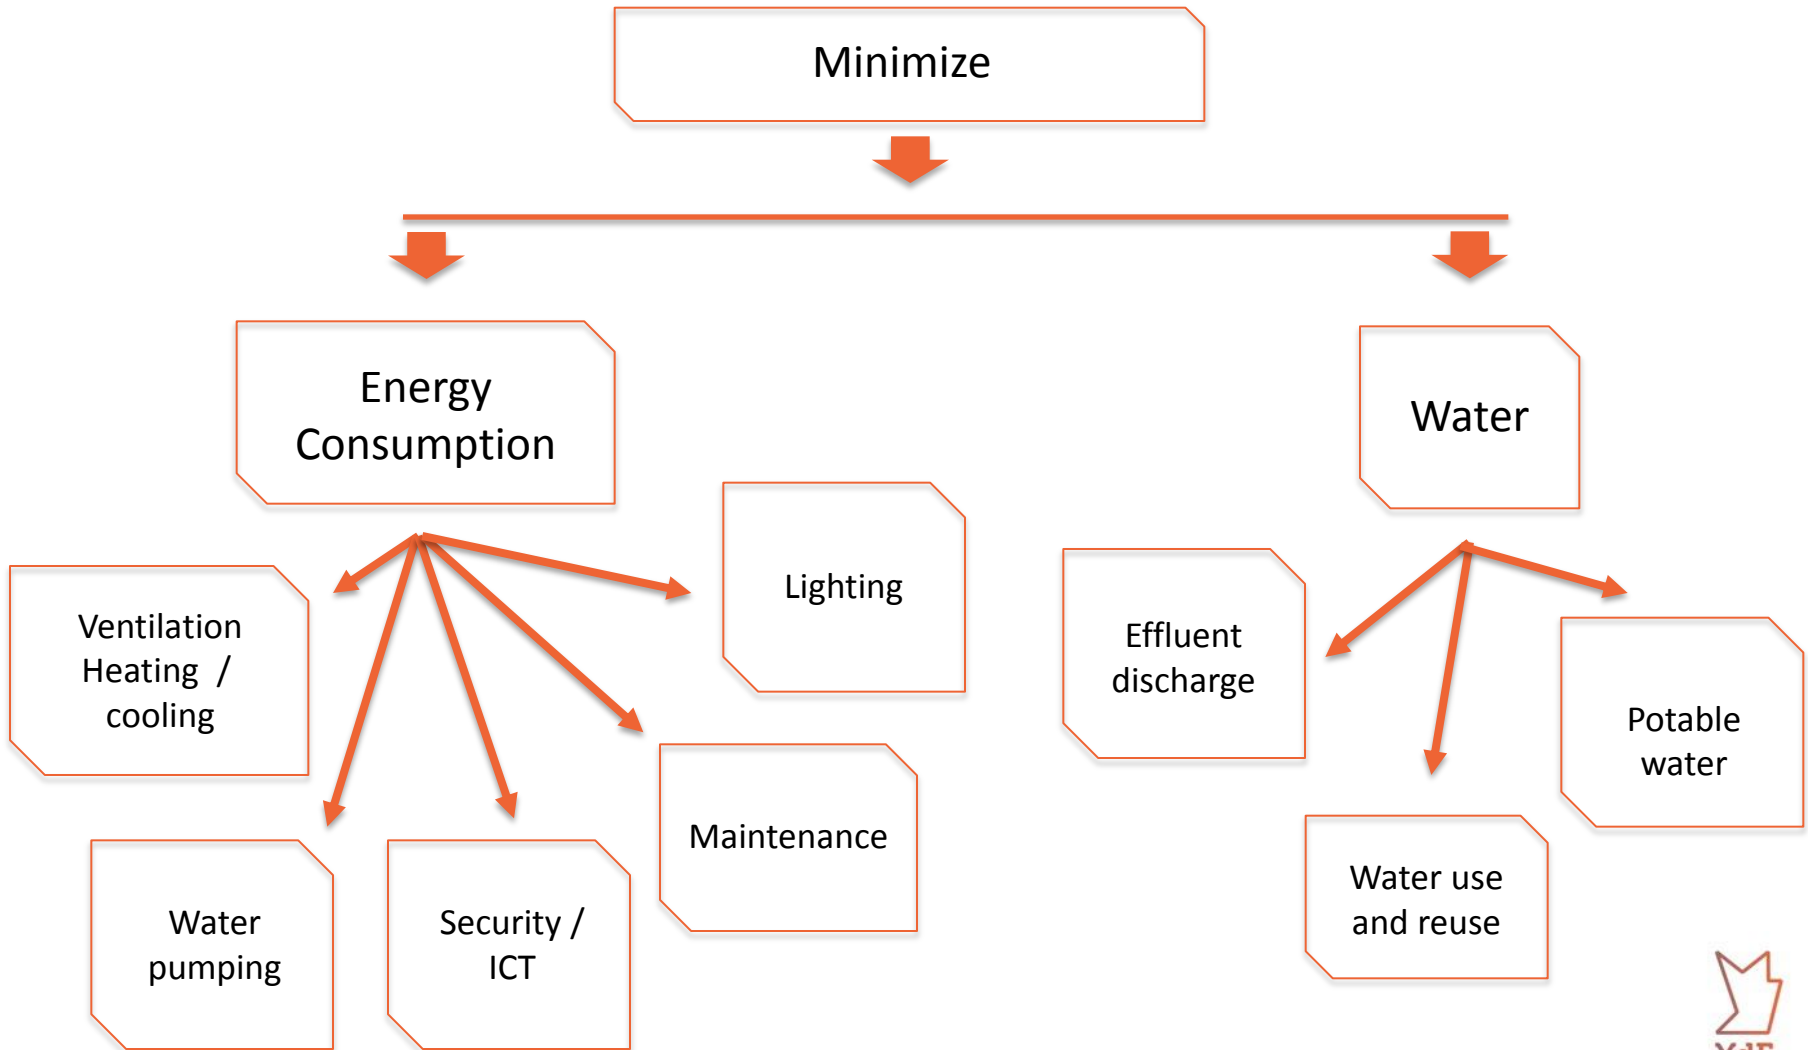

By 2030 as compared to 1990.

Assessment, adaptation, monitoring & verification

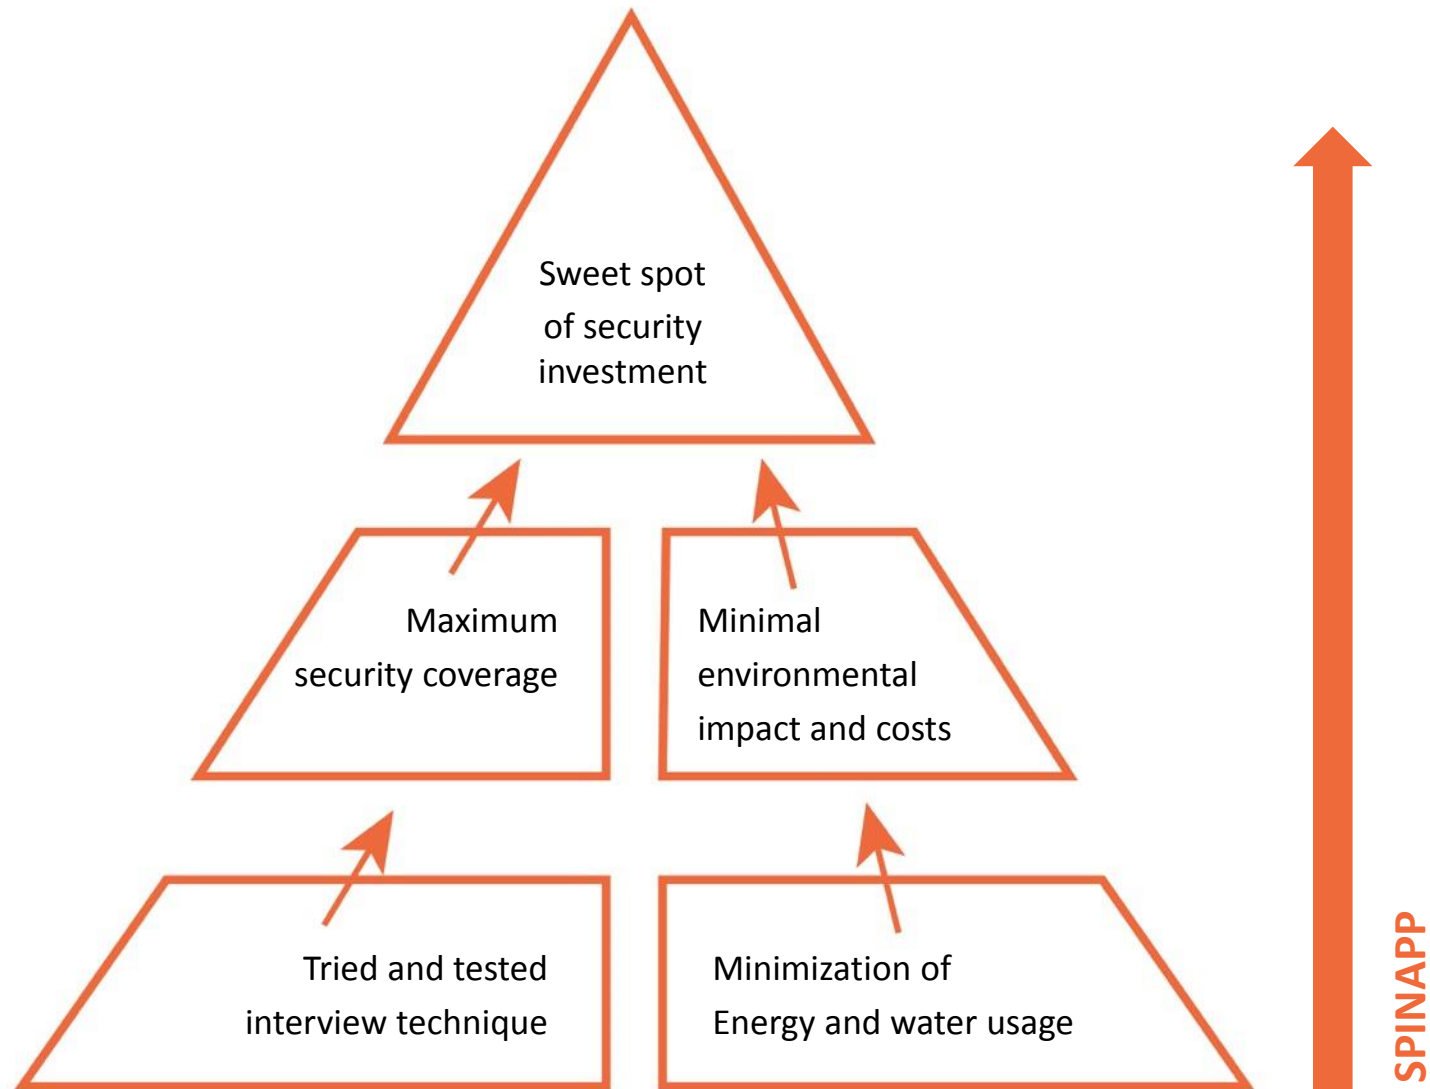

Intermodal, accessible, convenient, sustainable, safe
integrated in urban context

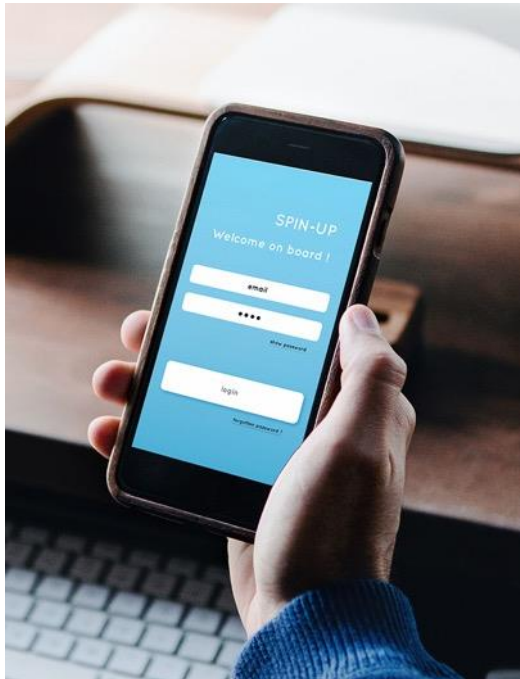

Minimisation of resources

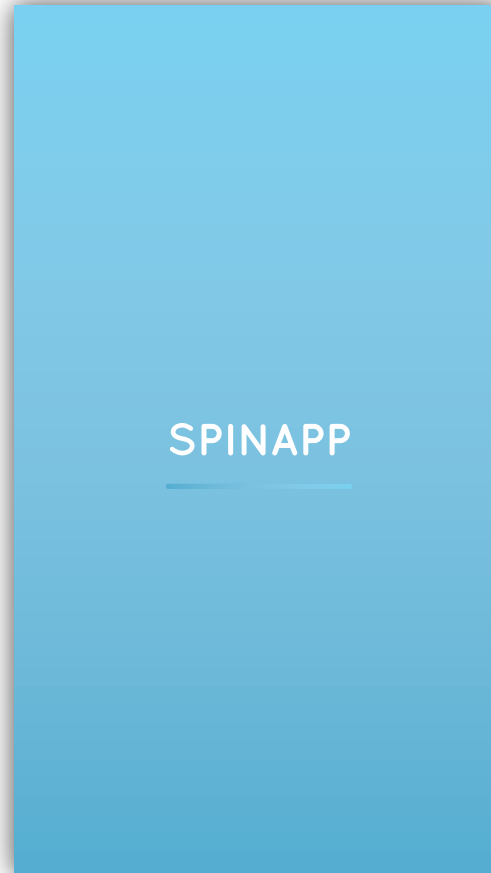

Maximizing Value

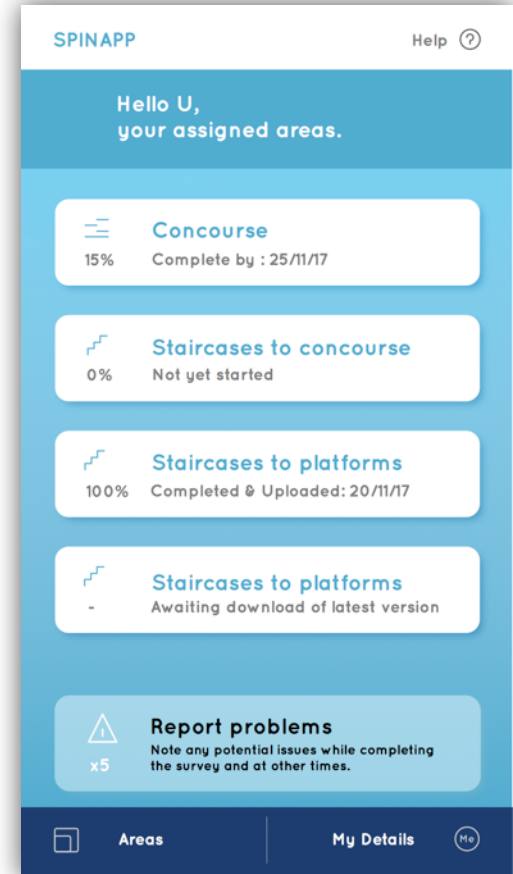

SPINAPP APP screens
