INNOVATIVE SOLUTIONS TO ELIMINATE DOMESTIC ABUSE

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No 101073922.

What's next?

Looking for potential partners ...

- to create a simulator based on the one created during ISEDA in other fields for application, e.g., PTSD, mental health, humanitarian aid, etc..
- to develop a virtual agent, meaning to replace the developed scenario with a dedicated AI.
