TECHNOLOGY CENTRE PRAGUE

Jiří Janošec, Ph.D.
Successful R&I in Europe 2025 / Düsseldorf

TECHNOLOGY CENTRE PRAGUE - INTRODUCTION

The Technology Centre Prague:

- a national information and consultation centre for the EU Framework Programmes for Research, Development and Innovation
- a leading national research workplace and a think-tank for research and innovation policies
- a provider of wide range of services for the creation and development of innovative and technological companies

The mission of TC Prague:

- to support the involvement of the Czech Republic in the European Research Area (ERA),
- to process complex strategic studies for research and innovation for national and regional institutions to improve the quality of their strategic decision-making, and
- to carry out international technology transfer and provide multifaceted advisory support in order to strengthen the international competitiveness of Czech companies.

TECHNOLOGY CENTRE PRAGUE - EXPERIENCE

The Technology Centre Prague has participated in over **80 European projects** in its 30 years history, funded from various sources including Horizon 2020, Horizon Europe, or Single Market Programme - most recent examples:

- **Enterprise Europe Network Czech Republic (coordinator 2008-2025)**, provides specialized services aimed at support and raising of competitiveness mainly of small and medium-sized enterprises
- **ADMA TranS4MErs (member)**: supporting ambitious and innovative manufacturing SMEs in their transformation digitalization journey
- **FIT-4-NMP (member)**: strategic and targeted support to incentivize talented newcomers for Horizon projects mainly in Clusters 4&5
- ... and many others.
